EXPERIENCE

•SocialLeads

April 2024 - present

Web Developing and Designer intern

Offer Letter

- Developing the company website frontend using ReactJS and Tailwind CSS and creating responsive and reusable UI components.
- Utilizing React hooks and React Redux for state management and customizing Tailwind CSS for consistent styling.

PERSONAL PROJECTS

•Weather App

April 2024

- Developed a dynamic Weather App that provides real-time weather updates for both current location and searched cities.
- Utilizing the OpenWeather API, users can instantly fetches and displays weather data for the user's current location.
- Allows users to search for weather forecasts in any city worldwide.
- Implemented a user-friendly dashboard where users can add multiple cities and easily view the weather by clicking on them.
- Utilized local storage to store added cities, ensuring a personalized experience for returning users.

•Todo List with Context API and Local Storage

March 2024

- Developed a dynamic todo list web application using React.js, Tailwind CSS, and Context API.
- The application allows users to efficiently manage their tasks with features such as adding, deleting, and editing todos.
- Leveraging the Context API for state management ensures seamless communication between components, enhancing user experience and application performance.
- Implemented local storage functionality to persist data, enabling users to access their todo list across sessions without data loss.

•Music Player Songify

December 2023 - January 2024

- Developed a web-based music player using JavaScript, providing users with a seamless music listening experience.
- Implemented features allowing users to easily switch between songs.
- Technology Used: HTML, CSS, JavaScript.

TECHNICAL SKILLS AND INTERESTS

Languages: C/C++, Java, Python, Javascript, HTML+CSS, SQL

Libraries : ReactJS, React Redux, C++ STL

Frameworks: Flutter, Tailwind

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

COURSE

•Enhancing Soft Skills and Personality

February 2022 - April 2022

NPTEL

- In-depth understanding of Effective Communication and Personality Development

EDUCATION

•Bachelor of Technology in Computer Science and Engineering

2021-25

Ajay Kumar Garg Engineering College, Ghaziabad

CGPA: 8.64 (till V semester)

•Higher Secondary Education

2018-20

Central Hindu Boys' School, Varanasi, Banaras Hindu University

Percentage: 93%

ACHIEVEMENTS

•Third Topper in College

2022

- Awarded for being Third Topper in University Examination in College
- Scored 9.45 SGPA in University Exam

•2-Star on CodeChef

- Rating: 1540.
- Solved over 150 question on codechef.
